CROSSING THE YALU BRINGS JAPS LOSS.

At Turenchen and Lizavna the Little Brown Men Are Repulsed.

Russian Battery Forces Retreat of Two Gunboats Which Go to the Support of the Mikado's Troops. War Vessels Sighted Off Gensan—Cossacks Occupy Anju—Muscovites Cross the Tumen.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, April 28, 3:30 a.m.—[By Atlantic Cable.] Disappointment prevails in St. Petersburg that no official dispatches giving details of the operations on the Yalu River have yet been made public. The press dispatches are so meager as to becloud rather than enlighten the people, who are hourly awaiting news. The Associated Press has obtained from the General Staff the following statement of the situation:

"Before beginning the passage of the Yalu, the Japanese evidently completed the concentration of the armies along the river commanded by Generals Kuroki and Oku. Each army is composed of three divisions and three reserve brigades. The total force is 100,000. The Russians on the Manchurian bank of the river are inferior in strength.

"Having perfected the essential preparations, the Japanese, without waste of time, commenced the passage of the river, and the Russians realized that it would be impossible to prevent their crossing. The Japanese front extended from Wiju as far as Piek Tong, over eighty miles. We faced the possibility of their crossing at a score of places, and all we could hope was to harass and impede the crossing, for every day gained enabled us to push our preparations and bring up more men.

"There are only two instances in history where an army was unable to cross a river—that of Napoleon at Aspern, and that of Prince Eugene of Savoy at Lech. Both failed because of floods. The Yalu proved no exception to this established rule.

"We know that the Japanese crossed at least at two points. The first attempt to force a passage near Chang Che Kow, twenty miles above Wiju on the Pousaike, a tributary of the Yalu, was successful. This is important.

"It is evident that the Japanese determined to cross at two points to crossing near Wiju. The river here is divided into several channels by islands, the largest of which is Samalindo. Above and below Wiju, the river was bridged at three points.

"Up the stream near Sindigou, the Japanese were watched by a small detachment of Cossacks, but the enemy was practically unopposed. At Turenchen, lower down, our outposts directed a fire from a field piece so successfully that they destroyed the moorings and wrecked the pontoons. The enemy was thrown into disorder, and suffered considerable loss. Still farther down the stream, the Japanese proceeded to make a third attempt at crossing.

"We do not think that the Japanese will attempt to land at Takushan or Tatung Kau, now that they have crossed the Yalu. The object of such landings has been to cause a diversion so as to enable the Japanese to cross the river. Takushan is not a good strategic point. The road leading therefrom is bad, and troops could only be supplied with difficulty.

"With regard to future operations, we cannot speak. The Russians will not show their hand at this stage, but will continually harass the enemy, choosing their own time for a battle."

A military expert who is particularly impressed with the Japanese crossing near Siaopoussikhe said that the use of the road therefrom would enable the enemy not only to march upon Mukden, but to flank the Russian position at Feng Huan Cheng and cut off any of Gen. Rennenkampf's Cossacks who may have gone to join the attack on Gensan.

JAPS REPULSED NEAR LIZAVENA.

[BY THE ASSOCIATED PRESS—P.M.]
LIAO YANG, April 27.—The Japanese troops which crossed the Yalu north of Eitjiu (Tehangdju) charged, during the night of April 26-27, the Russian position near Lizavena, a village on the Manchurian bank of the Yalu. They were repulsed, but their loss is not known.

Two gunboats steamed up the river to the support of the Japanese, when a Russian field battery opened fire upon them, resulting in a duel which lasted for twenty minutes. The Russian fire was too hot, and the gunboats were forced to steam out of range.

ONE COLUMN'S LOSS SEVERE.

[BY THE ASSOCIATED PRESS—A.M.]
ST. PETERSBURG, April 27, 6:30 p.m.—The General Staff believes that one of the Japanese columns which is attempting to cross the Yalu River at Turenchen sustained severe loss, owing to unexpected shelling by a Russian battery from the opposite bank, which destroyed the Japanese pontoons. The Japanese, the General Staff says, tried to cross the river at six or seven different points, and succeeded only at one point. The staff has no further news.

RUSSIAN VESSELS SIGHTED.

[BY THE ASSOCIATED PRESS—A.M.]
LONDON, April 27.—A special from Kobe, Japan, says several vessels believed to be Russian, were again sighted off Wonsan (Gensan), Korea, today.

COSSACKS OCCUPIED ANJU.

[BY THE ASSOCIATED PRESS—A.M.]
ST. PETERSBURG, April 27.—An account given here of movements of the cavalry under Maj.-Gen. Mitchenko, the commander of the Western Cossack brigade, while not officially confirmed, is accepted as trustworthy. It follows:
"Gen. Mitchenko's Cossacks reached Song Gin, Northeastern Korea, and after occupying that place turned north and occu-

pled Anju. Not a shot was fired, the Japanese and Koreans withdrawing. The unexpected appearance of Cossacks in the rear of the Yalu caused a panic among the Japanese troops proceeding toward the Yalu from Ping Yang, and they consequently retreated. The Japanese troops at Pak Chong-Ku-Song-Ka-San and Chong-Ju did not attempt to stop the Cossacks, but moved toward the northwest by forced marches."

FORESIGHT OF KOUROPATKIN.

[BY DIRECT WIRE TO THE TIMES.]
PARIS, April 27.—[Exclusive Dispatch.] St. Petersburg correspondent of Petit Parisien telegraphs: "I learn from an absolutely reliable source that the Japanese have crossed the Yalu in strength above Wiju. Gen. Kouroupatkin had given orders for the troops of the first line to retire, leaving free the passage of the Japanese, who immediately took advantage of the retirement. The same high officials tell me that Kouroupatkin had foreseen this, and did not wish to fight unless he was certain of victory. The retirement of his troops thus forms a part of the general plan of campaign."

RUSSIAN ARMY CROSSES TUMEN.

The correspondent also states that 20,000 Russians have crossed the Tumen River and are marching rapidly toward the Japanese left flank. These troops will traverse 300 miles in a week. Gen. Kouroupatkin's plan is to cross the Japanese into open country in Manchuria and then to deliver battle. As soon as the Russians who have crossed the Tumen command the banks of the Yalu, the bridges built by the Japanese over the Yalu will be destroyed, and their rear will be threatened. The battle will be decisive, and Gen. Kouroupatkin considers success almost certain.

TRANSPORTS CAPTURED.

[BY DIRECT WIRE TO THE TIMES.]
ST. PETERSBURG, April 27.—[Exclusive Dispatch.] A report has been in circulation for the last three days to the effect that Russian torpedo boats outside of Port Arthur have captured several Japanese transports and declared them prisoners of war. Although the Japanese hoisted the white flag and surrendered to the Russian commander, suspecting they were communicating with Tokyo by wireless telegraphy, sunk all transports, together with 3000 men. This rumor, in different versions, is believed by very well-informed people.

JAPS PRICING SUBMARINES.

[BY THE ASSOCIATED PRESS—A.M.]
FALL RIVER (Mass.) April 27.—Capt. Lake of the Lake Construction Company of Bridgeport, Ct., said today that representatives of Japan had been here inspecting the submarine torpedo boat Protector, but that negotiations for the sale of the boat to the Japanese had not formally been begun. He was not in a position, he said, to state whether the boat would be sold to them or not.

The Protector, which has been laid up here for the winter, was launched today and sailed for Newport.

REPORT FROM ALEXIEFF.

[BY THE ASSOCIATED PRESS—A.M.]
ST. PETERSBURG, April 27.—The Emperor has received a telegram from Viceroy Alexieff as follows: "Rear-Admiral Yenzen, who is at sea with cruisers and torpedo boats, dispatched the latter to Gensan, Korea. The torpedo boats blew up a Japanese merchantman in the roadstead. The crew was sent ashore. The torpedo boats returned the same day to the squadron."

NORMAN DRAWS CONCLUSIONS.

[BY THE ASSOCIATED PRESS—P.M.]
LONDON, April 28.—[By Atlantic Cable.] Henry Norman, in a long letter to the Times this morning, elaborates the views he expressed in an interview, Tuesday last, to the effect that any personal or national attempt to step in between Japan and Russia seems to him to be outside the range of national surmise.
Norman thinks that Japan may have counted upon initial victories, and then, on inducing the powers to intervene, and that such a calculation on the part of Japan may produce a delicate and perilous situation, because it is quite impossible for Russia to accept defeat or countenance intervention in any form while she has a single rouble or soldier left.

Whatever happens, says Norman, whether Japan be victorious or defeated, it is quite certain that Great Britain and the United States will be expected to take the lead in proposing or enforcing intervention, and since it is impossible to suppose that the United States would join Great Britain in military operations for the purpose of coercing Russia while France and Germany are friendly to Russia, it would be madness for Great Britain.

INDIANA LINES UP.

Republicans Build Oaken Platform.

Wise and Patriotic Administration of the President Fully Indorsed.

Consistent Changes in Tariff Schedules Approved. Corporate Evils.

State Officers Renominated by Acclamation—Hanley for Governor.

[BY THE ASSOCIATED PRESS—A.M.]

INDIANAPOLIS, April 27.—At the second session of the Indiana Republican convention today the platform was presented and unanimously adopted. It is as follows:

"The Republican party, in convention assembled, presents with profound satisfaction the achievements of the nation since the party was founded and entrusted by the people with the control of our government. It has reunited a divided country, freed the slaves, established the monetary system on a gold basis, restored the national credit, and developed the American system of protection until the United States is the leading industrial nation of the world.

"In the cause of humanity it fought a victorious war on land and sea that other peoples might be released from the burdens of oppression.

"These and other national deeds of glory under the different Republican

platforms have moved forward, maintaining and extending its policies and its purposes, and with unabated confidence again invites the support and suffrages of the people.

"We heartily indorse the wise and patriotic administration of Theodore Roosevelt. The President has borne the tremendous responsibilities of his great office upon the high level of national duty and national honor. His administration has been thoroughly republican and genuinely American. It has advanced prosperity at home and maintained our national interests abroad. The laws have been fearlessly enforced as they were enacted by Congress. Evil-doers have been driven from the public service.

"The people demand a continuance of the stable and prosperous conditions and we therefore favor the nomination of Theodore Roosevelt for President and hereby instruct the delegates chosen by this convention to support his candidacy.

"We pledge anew our confidence in the wisdom and efficacy of the protective tariff. This great Republican policy has abundantly justified itself and its maintenance is essential to the continuance of our industrial independence and national prosperity. It is demanded alike in the interests of both American labor and capital. We favor changes of schedules as conditions demand, but such changes should only be made consistently with the policy of protection.

CORPORATE EVILS PREVENTED.

"The Republican party has firmly established the gold standard against violent Democratic opposition. Our monetary system, which is the best in the world, is the rich fruit of Republican statesmanship. We have more money among the people than we ever had in the history of the republic and it is of unquestioned soundness and purchasing power.

"We commend President Roosevelt for his faithful enforcement of the laws applicable to commissions of capital and restraint of unwholesome trade and commerce, which the Democratic party when in power refused to execute; and to further prevent corporate evils, we have placed on the statute books additional laws providing for publicity, preventing rebates by railroads and creating the Department of Commerce and Labor for the more effective supervision and enforcement of the laws.

"We approve the reciprocity treaty with the republic of Cuba.

"Our relations with the new republic should always be such as are dictated by justice and generosity, to the end that the ties which bind the two peoples together in commerce and amity may continue close and unbroken.

"We approve the course of President Roosevelt in protecting the imperial interests of Americans on the isthmus of Panama, in promptly rejecting the independence of the people and the republic of Panama and ensuring a treaty with that republic under which the United States may construct an interoceanic canal in the interests of the commerce of the world; and we further commend the

[illegible]

President for the promptness and energy with which he is pushing forward

"American administration in the Philippine Islands has resulted in peace to the people, honest govern-

ment, equal justice to all, improvement in material conditions and the spread of education, a nation's work for civilization has surpassed that of the republic in the archipelago. To that policy we will steadfastly adhere. To that policy the principles of arbitration in the adjustment of international disputes where they do not involve national honor, and we commend the administration of President Roosevelt for its effort to embody this principle in treaty compacts with other powers.

"The Republican party can never forget the heroic services of our soldiers and sailors on land and sea. We believe in a just pension policy towards them who have borne the burden and heat of battle for their widows and orphans."

Senators Fairbanks and Beveridge are heartily endorsed, as well as "the State administration."

STATE TICKET NOMINATED.

The candidates for the State ticket were nearly all incumbents, elected by their precedence in office. The nomination of these nominations were made by acclamation as follows:

Secretary of State, Daniel S. Storck; Auditor of State, David M. Sherrick; Treasurer of State, Nat. U. Hill; Attorney-General, Charles W. Kiser; Superior Court Judges, John H. Insurrection, Farnett A. Cotton; Judges of the Supreme Court, Oscar H. Montgomery and John W. Hadley.

The first contest was for the nomination for Governor. The contestants were Frank H. Bland, ex-Governor, and L. Taylor of Indianapolis, W. L. Fennell of Auburn and Warren G. Sayre of Wabash. Hanley was nominated on the first ballot.

Hugh T. Miller of Columbus was nominated for Lieutenant-Governor on the third ballot.

George W. Belf of Corydon was nominated for Reporter of the Supreme Court and B. H. Stubbs of Indianapolis for State Statistician.

The convention then adjourned.

NEW HAMPSHIRE HARMONY.

DEMOCRATS PASS THE I.J.R.
(BY THE ASSOCIATED PRESS—A.M.)

CONCORD (N. H.) April 27.—The renewing of an old contest between factions in the Democratic party of the State led to the probability that the State ticket delegates-at-large to the national convention would be presented today at the New Hampshire Democratic convention. The two factions, which are known as the "regulars" and "reformers," are headed by Henry F. Hollis and John M. Mitchell, respectively, both of this city.

Upon the assembling of the convention, D. H. Sullivan of Manchester was chosen chairman. The platform declared the retention of the tariff, suppression of trusts through law and executive action; a halt in the march toward imperialism; a return to administration and a thorough investigation of the Federal department by Congress.

Confidence is expressed that the national convention will select such a representative nominee as will put the Democratic party of the country on the advance and its attitude towards the world.

Delegates-at-large, including Mitchell of Concord, Jeremiah Doyle of Nashua, True of Dover, Edwin F. Fennell of Portsmouth, George H. Shaw and Joseph P. Chattel were elected delegates-at-large. The convention then adjourned.

It is understood that the delegates favor Judge Parker. The first and second Congress-district conventions will follow the main convention, and both elected unopposed delegations.

FAILS TO LAND.

SAN DIEGO ANTI-HEARST.
(BY DIRECT WIRE TO THE TIMES.)

SAN DIEGO, April 27.—[Exclusive Dispatch.] Hearst Democrats who undertook to capture tonight's meeting of the County Central Committee for Hearst made a bad mess of it. While the majority of the delegates to the programme of the anti-Hearst element the result will be the worse, although a little longer coming to pass. The motion to send F. A. Salmon, Frank L. A. Verique, Ramona, M. H. Shaw and W. N. Bradbury, delegates to the State Convention was defeated on the ground that the country committee was not notified that delegates are to be elected. They will be notified of such action at a meeting to be held tonight. The country members are strongly anti-Hearst.

The chairman, I. I. Irwin, a strenuous anti-Hearst man, is empowered to appoint a committee of five to nominate the delegates to the State Convention to be voted on May 2. The defeated Hearst men declare they will run independent out-and-out Hearst tickets to the State Convention.

Disorder and confusion prevailed at tonight's meeting. The defeat of the Hearst advocates was due in part to the interesting ruling out of proxies.

TOOK PICTURE AND GIRL.

Marriage of Miss Davidson of Los Angeles to St. Louis Photographer
Uncovers Romance
(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, April 27.—[Exclusive Dispatch.] The marriage yesterday of Miss Anna Davidson of Los Angeles to Monte Shields, proprietor of the photographer gallery in East St. Louis, has uncovered a romance. Two months ago Miss Davidson's sister, whom she had been visiting, and several other of her St. Louis friends, requested Monte Shields, proprietor of the photographer gallery, to take a picture of her. She brought no photos with her, so entered Shields's studio to have some taken. Her beauty at once attracted Shields, who is a handsome fellow of 23, and his good looks and interest in the camera equally attracted her. Thenceforth their acquaintance deepened rapidly into love.

NATIONALIZE THE CORPORATION.

DES MOINES (Iowa) April 27.—Benton H. Young, one of the representative men of the State of Iowa, Judge Peter S. Grosscup of the United States Circuit Court delivered an address before the annual convention of the "Liberty and Corporations." He said, in part: "The first step to this end, and the great step, is to nationalize the corporation. The corporation masters now ordain its policies; it should be governed by one master and one policy. The corporation is no longer the concern of the State, where its books happen to be kept, or its directors meet; it has become the concern of the whole country over

THE VERY LATEST

WAR NEWS AFTER MIDNIGHT

CHIEFOFF, April 27.—[Exclusive Dispatch.] In all probability a considerable body of Japanese troops is now in command of the right bank of the Yalu north of Antung. The first movement began last Friday night south of Changchun, and Saturday and Sunday. Gen. Inouye, commanding the lower Army corps, sent detachments across the Yalu from Sakju road, below Changchun, and at two points north of Wiju between Sukuchin and Okangpo. All operations, so far as known, have been successful, as, Monday evening, the Japanese had occupied Yudenchen and small Manchurian towns about thirty miles north of Antung.

A host in here this afternoon from Tongcamp says there has been no conflict between the Japanese and Russians, except desultory firing from Hankuri, on the Yalu Bay north. Japanese forces have made several feints at points between Wiju and the mouth of the river, not with the purpose of throwing brigades across, but in order to distract the Russian forces east and west of the main road, from Changwang. The actual crossings were made north of Wiju, and at one point as far up as Choson.

SURVIVORS AT MOSCOW.
[BY THE ASSOCIATED PRESS.—P.M.]
MOSCOW, April 28.—The survivors of the Variaz, a Korietz arrived here today and were greeted by immense crowds. They were driven to a hotel near St. Petersburg.

JAPS BLOW UP RAILROAD.
[BY THE ASSOCIATED PRESS.—P.M.]
LONDON, April 28.—The Daily Telegraph's correspondent at Irkutsk, Siberia, under yesterday's date, says that the Japanese have blown up a portion of the railway at Khabarov, but that the resultant damage is insignificant.

TRANSPORT REPORTED SUNK.
[BY THE ASSOCIATED PRESS.—P.M.]
PARIS, April 28.—The St. Petersburg correspondent of the Journal, reports that a Russian submarine boat has sunk a Japanese transport which was conveying 600 men to Korea and that all the troops were lost.

JAPANESE MOBILIZATION.
[BY THE ASSOCIATED PRESS.—P.M.]
LONDON, April 28.—It is announced from Shanghai this morning that the third Japanese army now mobilizing will comprise the Fifth Division from Hiroshima, the Tenth from Mienjia and the Eleventh from

Zentsuifu. Preparations are on foot to mobilize a fourth army should it become necessary.

TROUBLE AT BAIKAL.
[BY DIRECT WIRE TO THE TIMES.]
IRKUTSK, April 28.—[Exclusive Dispatch.] The break up of ice on the Baikal is causing temporary delay to general mobilization, which is not so rapid as had been hoped for. The Japanese have blown up a portion of the railway at Khabarov, but the damage is reported to be insignificant. The Siberian Railway is bearing the strain splendidly and great activity is everywhere.

RUSSIAN PONTON.
[BY DIRECT WIRE TO THE TIMES.]
TIEN-TSIN, April 28.—[Exclusive Dispatch.] A message from Koanpotsi states that the Russians are constructing pontoon bridges across the Liao River at a point twenty miles above Tinchwang. For this purpose they are using large native boats.

RUSSIANS HARASS CHINESE.
[BY THE ASSOCIATED PRESS.—P.M.]
LONDON, April 28.—The Times's correspondent of the Standard sends a report that 4000 Russians are harassing the Chinese villages west of the Shuang-Tai-Tu River, midway between the Chin Chau and Yinkow.

LIAO RIVER FORTIFIED.
[BY DIRECT WIRE TO THE TIMES.]
LONDON, April 28.—The correspondent of the Standard at Chertow says he learns that both banks of the Liao River have been strongly fortified, and he estimates that a hundred guns have been mounted.

SIMON LAKE BOAT SOLD.
[BY THE ASSOCIATED PRESS.—P.M.]
BRIDGEPORT (CT) April 28.—[Exclusive Dispatch.] The Simon Lake submarine torpedo boat was today sold to the Japanese government.

HINDERED BY FOG.
[BY THE ASSOCIATED PRESS.—P.M.]
PARIS, April 28.—The St. Petersburg correspondent of the Echo de Paris says he learns that Viceroy Alexieff's telegram to the Emperor reporting the sinking at Gensan of a Japanese merchantman was published only in part. It contained the following additional details: "The maneuvers of the Vladivostok squadron near Gensan, in accordance with the plan drawn up by Jessen, were rendered difficult by a dense fog. Jessen informed Alexieff that he had intercepted a wireless message, the tenor of which he was unable to make out. It indicated the presence in the vicinity of a Japanese fleet concealed by the fog."

LABOR.

MITCHELL'S
SAFE TURN

**Better to Lose Strike Than
Resort to Violence.**

**Chief of Mine Workers Out
as Magazine Writer.**

**New Orleans Situation Acute.
Bay City Troubles.**

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, April 27.—[Exclusive Dispatch.] It is sometimes claimed that no strike can be won without use of physical force. I do not believe this is true, but if it is, it were better that a strike be lost than it succeed through violence and committing of outrages.

John Mitchell, president of the United Mine Workers of America, clearly indicates his opinion as to violence in labor disputes, in an article which will appear tomorrow in the Interior on the general subject, "Relations of Trade Unions to Maintenance of Public Order."

He says, "It holds that the cause of the union were better lost than won at the expense of law, but declares that the attitude of trade unionists toward the law 'should be, and is, that of a good citizen.'"

He says that under no circumstances should a strike be allowed to degenerate into violence. There are times when a great issue is at stake, and the danger of losing the cause is so great, then the use of brute force appears for the moment to be desirable. This, however, is a short-sighted policy, and the better way is to win the case by a better to trust to the hope of a matching victory from defeat than to let the union and strikers irretrievably lose the cause by resorting to a single act of violence, while it may meter a strike breaker or a score of them, inflicts much greater and more lasting injury on the public mind, and giving than upon the party receiving the blow, because violence invariably alienates the sympathy of the public.

STRIKE OUT OF SYMPATHY.
HORSEHOERS' UNION QUIT.
(BY THE ASSOCIATED PRESS—A.)
SAN FRANCISCO, April 27.—The outermeyn Horsehoers' Union decided on a sympathetic strike, at the same time, the stablemen's union members out from every shop in this city that shoes horses coming from any stable employing non-union stablemen. Since yesterday the Stablemen's Union has closed its members from thirty-two stables and will continue to call out the rest from all stables conducting business on the streets.

The Master Horsehoers' Union, then informed of the action of the outermeyn's union, decided to continue the strike, and the members no matter from what stable they came, and to maintain the "open shop."

PINN STARTS TROUBLE.
(BY THE ASSOCIATED PRESS—A.)
SAN FRANCISCO, April 27.—Superior Finn, president of the Stablemen's Union, accompanied by Business Agent Reynolds, visited the various stables in the city today, and the last evening an agreement was not signed for the coming year the members were called out. It is stated that the Master Horsehoers' Union will sign and some have signed. In such cases the union men will remain at work. The "open shop" proposition of the horsehoers will be resisted by the union.

STREET-CAR SITUATION.
(BY THE ASSOCIATED PRESS—A.)
SAN FRANCISCO, April 27.—The situation in the city today, after the changed today, neither side manifesting any disposition to modify its position.

ANOTHER STRIKE LOOMS UP.
MILL HANDS MAKE HOLLER.
(BY THE ASSOCIATED PRESS—A.)
STOCKTON, April 27.—There is much concern on the local water front over the prospect of a strike of the mill hands. The mill hands have refused to handle grain at the Crown Mills, because it was hauled by non-union teamsters. The matter was addressed to the local board of arbitration (the non-union teamsters and the hauling of the grain by other means) at trouble is expected soon.

ASSUMES ACUTE PHASE.
SITUATION IN NEW ORLEANS.
(BY DIRECT WIRE TO THE TIMES.)
NEW ORLEANS (La.), April 27.—[Exclusive Dispatch.] The labor situation in New Orleans today assumed the most acute phase which has yet been reached. The Employers' Association and the Master Builders' Association declared for the "open shop" hereafter, so far as carpenters are concerned. The carpenters' union will make the same action in relation to other building trades as soon as present contracts expire.

The carpenters' union announced that they would form a company and bid on all contracts to which they could secure access to the plans.

READY FOR OPENING.

**With Key of Gold the President Will
Saturday Start Machinery of
World's Fair.**

(BY THE ASSOCIATED PRESS—A.)
ST. LOUIS, Mo., April 27.—All the arrangements for the opening of the Louisiana Purchase Exposition will have been perfected by the President's special messenger, who will start for St. Louis the electric current to be started by the President at the White House, which will formally open the Louisiana Purchase Exposition on April 30. Two miles of wire will be used to guard against possible interference by storms in any particular section of the country.

The key to the current will be the President's. The current will be started if it has been used by it will be presented to President Francis of the World's Fair.

The telegraph wires will be brought through underground conduits to the speakers' stand, at the base of the Washington Monument, and the World's Fair grounds. Both circuits will be used. Conversation will be conducted over each preparatory to the opening of the exposition. The telegraph touches the key in Washington will not only start all the machinery of the World's Fair grounds in St. Louis, but also the arcades and at the same time unroll all the flags on the several build-

GERMANS HARD HIT

GERMAN HARD HIT.

...in Southwest Africa, from Deaths, Wounds and Illness Very Heavy in Last Month.

(BY THE ASSOCIATED PRESS—A.M.)
BERLIN, April 27.—Capt. Dannauer, the Lokai Anseiger's special correspondent with Maj. Von Giese's column in German Southwest Africa, has sent a dispatch by helicopter via Windhoek, announcing that the losses of the column through deaths, wounds and illness since immediately previous to the battle of Twylokerero, March 19, were: officers, 1 per cent.; private boys, 60 per cent. Forty-four men are now sick with typhoid, besides those sent to Windhoek. The column was not molested for two days; it had been known to be unable to undertake military operations, the troops are suffering from night frosts and heavy rains and are awaiting reinforcements to make good their losses.

A report of a positive character was circulated in the Reichstag today that Col. Leutwein, Governor of German Southwest Africa, had resigned his military functions and wished to confine himself to the administration of the colony. It had been known hitherto for over a week that Colonel Leutwein was in bad health.

Another report in the Reichstag circularized yesterday stated that reinforcements are about to go to South Africa under Lieut.-Gen. Von Trotha.

CAPTURE OF ILLIG.

Dervishes Defended Their Towers Determinedly and Threw British Soldiers and Warplanes Killed.

(BY THE ASSOCIATED PRESS—A.M.)
LONDON, April 27.—The Admiralty has received an official report of the capture of Illig, on the coast of Somaliland, from the Dervishes. Three bluecockets were killed and six wounded. The colonial Administrator of German East Africa, who personally commanded the landing force, says the fighting, which occurred April 24, was at close quarters.

The Dervishes defended their towers determinedly, but the British sailors landed in the storming party, their strongholds gallantly and drove them out with heavy loss.

It was impossible to use the guns of the ship without danger to the attacking party. The British and Italian ships were ordered to retire to the harbor, which will be demolished and the village will be handed over to a tribe friendly to Italy.

SUGAR SHIP ASHORE.

Northeast Storm Drives British Boat Craigknock to Land Near Atlantic City, N. J.

(BY THE ASSOCIATED PRESS—A.M.)
ATLANTIC CITY (N. J.) April 27.—The British steamship Craigknock, sugar-laden, from Matanzas for Sandy Hook, went ashore near the South end of Long Beach, New Jersey, during the northeast storm. It is believed that the steamer will float at the next high tide.

IS RESTING WELL.

(BY THE ASSOCIATED PRESS—A.M.)
NEW YORK, April 27.—A report from one of the life-saving stations here that the associate ashore near the steamer Craigknock, from Matanzas for New York, with a cargo of sugar, vessel is resting in a good position, the report says, and an effort will be made at high tide to tow her.

FAIR WILL CLIMAX.

Nelsons Accept Two Hundred Fifty Thousand Dollars in Addition to Amounts Already Received.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, April 27.—(Exclusive) The fair will contest between Vanderbilt's claimants and Hannah and Abraham Nelson, representing the heirs of Caroline Fair, nee Smith, who, with her husband, Charles L. Fair, was killed in the collision between the tugboat and the steamer, was revealed at the Nelsons have accepted \$250,000 cash as a compromise for their claims, and that the sensational battle of millions is ended.

Besides this sum, the Nelsons, it was announced, will eventually receive approximately \$100,000 additional. As they recently asked for \$1,000,000, the total inheritance amounts to about \$1,750,000, exclusive of personal property left by Caroline Fair, which is estimated at between \$50,000 and \$80,000.

This final settlement is in accordance with the iron-bound agreement which the Nelsons signed three weeks ago, to offer any further obstacle to a complete and final settlement.

THE CITY IN BRIEF. NEWS AND BUSINESS.

Scalp Wound.

While alighting from a car at Broadway and Fifth street about midnight, a man was struck on the head by a falling object, which caused a severe scalp wound. Her injuries are not serious.

Summer Season Opening.

The Salt Lake Railroad is to have its official opening of the summer season at Terminal Island Saturday. The Indian Band of the Sherman Institute has been engaged to play in the pavilion all day.

Claremont Growers' Call.

The Claremont Citrus Union has issued a circular letter to other citrus growers in the county, inviting them to elect delegates to a convention to be called at a later date to discuss the troubles of the citrus industry.

Plan for Ambition.

J. H. Francis, principal of the Commercial High School, delivered an address at the parents' meeting at the Twenty-third avenue school yesterday morning. His main theme was the development of ambition in the child.

Girls Will Ride.

Anna Heide's choice bunch of "a la mode" girls will be taken for an automobile spin about the city this afternoon. The procession will number twenty-four vehicles, and will start from the Mason Opera-house at 3 o'clock, p.m.

Alleged Embezzler.

Clark Donaldson, a cook who is wanted in Bakersfield on a charge of embezzlement, was picked up on the street last night by Detective Hawley and Murphy. Donaldson is alleged to have embezzled \$25 from his employer, a restaurant-keeper in Bakersfield. He will be sent back today.

Sequel League.

There will be a meeting of the Sequel League at 10 o'clock this morning at the residence of Charles F. Goodman, on Avenue 22. Rev. Joseph H. Johnson, bishop of Los Angeles, will preside, and all interested in the movement for bettering the condition of the Indians are invited to be present.

Grocery Store Robbed.

Ernest Gerlach, who keeps a grocery store on Central avenue between Eighth and Ninth streets, was reported to the police yesterday that his store had been entered Tuesday night and robbed of \$10 in silver, which was taken from the cash register. The thief gained entrance through the window of a toilet and cut through an inside door which was locked.

The Sneaks.

Lulu Wallace of No. 902 North Main street reported to the detective yesterday that a sneak thief had entered her room during the morning and stolen a pocketbook containing a small amount of change, together with a gold watch and four rings. James Stewart of No. 313 Johnson building was another victim of a sneak thief. He reported the loss of a handsome overcoat from his office.

Rye Gouged Out.

Robert Wier was taken to the Receiving Hospital yesterday, suffering from a most painful and serious injury. He is a house painter, and while working on a scaffold fell and alighted on a picket fence, one of the beams striking immediately under his left eye, almost pushing the eye from its socket. After the wound was dressed, he was sent to the Pacific Hospital and it is thought he will lose the eye.

San Pedro Excursion.

Members of the Chamber of Commerce who contemplate participating in the excursion to San Pedro Saturday, over the Southern Pacific, are advised to obtain tickets at the chamber as soon as possible, as they are being fast. At the meeting of the board of directors yesterday the following names were elected to membership in the chamber: C. K. Alley, H. G. Hamilton, Glen Holly Dairy Company, Home Savings Bank, Felix Claviers.

Unconscious.

Thomas Senger, a ranchman, was seriously injured in a runaway on the San Fernando road yesterday morning and is now lying unconscious at the County Hospital. With the small chances for his recovery, Senger resides in the San Fernando Valley and was driving a pair of mules to the city when the animal became frightened and ran, throwing him out on his head. He was found later and removed to the hospital.

Oratorical Contest.

There will be an interesting oratorical contest for a gold medal at the Temple this evening. The names of the contestants, with their subjects, are as follows: A. Shameful Compromise, "Day Ereigned," "The Briml Winecup," Alice Straight; "Our Mission," Theresa Cogswell; "Evils of War," Harold Lucas; "College Oil Cans," Alma Swain. The programme includes a number of musical selections.

In the alley between Main and Spring on Second for the arrival of a black-listed messenger boy who has been causing trouble. Upon his appearance the band is said to have emerged from the alley and jumped him from all sides. He clung with one of the assailants and the two were then knocked through the window, whereupon there was a general scattering.

LONG DISTANCE CONCERT.

Music Over the Wires

On Saturday next, April 30th, the Home Telephone Co. will open their new line at Whittier. This being an event of considerable importance, the Company have arranged with the Geo. J. Birkel Co. to give, upon that afternoon, between the hours of two and four o'clock, a continuous concert from one of their recital rooms; which, by the aid of a megaphone arrangement, may be heard as plainly by people in Whittier (twenty miles distant) as by those within actual hearing of the different instruments.

Not only can people in the central office of the Telephone Co. listen to this concert, but all Home Telephone subscribers in Whittier may enjoy the music at their residences.

The program given by the Birkel Co. will consist of selections from Calve, Melba, Plancon, Sousa's band, etc., by means of the Victor Gramophone; vocal and instrumental pieces—Cecilian solos and accompaniments.

Aside from its decidedly novel features, the music furnished at this concert will be well worth hearing.

It is a significant fact that the Home Telephone Co. select the Geo. J. Birkel Co. as the firm under whose auspices this unusually interesting concert shall be given. Naturally none but the most progressive and deserving, because of largest and most complete equipment, would have been chosen, and it speaks volumes for the reputation of the Birkel Co.'s establishment.

TO BURN THE AUDITORIUM.

Five Attempts Discovered and Frustrated.

Six Detectives Called in and Boys Arrested.

Shadowers Shadowed—The Funny Part of it.

An attempt to burn Simpson Auditorium was brought to light yesterday during the police investigation of the Holy Jumpers dynamite scare.

Although the attempt has been kept a secret, the church owners now admit it. They admit that papers were set fire on the floor of the basement; admit that the building has been entered repeatedly.

Private detectives have been put on the case and some boys were arrested, but on account of their family connections their arrest was kept from the public by the police and a cover put on the whole affair.

It stirred up such a scare that at one stage of the tragedy it came near being a farce. It has come out that there were six private detectives all watching each other; two actually watching for fire bugs and four watching detectives.

The various attempts of the supposed

in succession, and so did her detective who was watching him.

This was too thrilling to "keep." She confided it to her next-door neighbor. The next-door neighbor is the wife of a man who makes a foolish practice of carrying considerable sums of money with him at night. His wife never could convince him of his danger.

As she thought of this mysterious man watching from her neighbor's front window, she decided to tell him. She told him to follow her husband, and for the love of heaven never to let him get from sight; to protect him with his life's blood from the robber. There is a peculiar incident that always tells you when you are watched. This man had been followed by his unknown bodyguard for only a few days before he became aware that some one was shadowing him on his trail. It made him so uneasy that at last he rang up a private detective agency and had an operative detailed to shadow the man who was shadowing him. The sixth detective.

This situation is respectfully submitted to George Cobb, the father of the wife who is due here next week. It staggers belief, but is the absolute truth.

MR. FARMER'S STATEMENT.

When asked about it yesterday, Z. L. Farmer, one of the managers of the Auditorium, said that no attempts have been made to fire the building since the iron bars were put on.

"We are beginning to think," he said, "that the whole thing may have been done by mischievous boys. We caused their arrest but did not prosecute them. They were good families and we did not see that there

The pile of chairs that tripped the firebug.

fire bug, cover a period of several months, continuing down to a very recent date.

It was last December that the pile of burning paper was discovered by the janitor. The paper had not ignited the woodwork as the fire bug had hoped.

The janitor went at once to the owners of the Auditorium (the trustees of the University of Southern California) and one of the usual "investigations" was made, which resulted in nothing, like most such.

The janitor lives in the building with his family. They were all reduced to a state of nervous fear. The daughter of the family was so wrought up over it that she could not sleep at night.

When a short time thereafter, it was found that the basement had been entered again, the situation became undurable to them.

Finally the janitor piled up a lot of chairs inside of the window by which the basement was entered. The next time the fire bug tried to get in, he fell over them.

The neighbors claim that five attempts were made in five weeks. The firebug, or whoever lit the papers in the basement, were never caught.

At length private detectives were put on the trail and guard the church constantly day and night. At first their watch was without avail. One night, during an entertainment, some boys tried to sneak in at one of the basement windows and get upstairs and were captured.

They were taken at once to the Police Station and locked up for a while; but their frenzied parents came down on the sprint and pleaded so hard that the boys were allowed to go. The church owners would not prosecute them.

The boys would not admit that they lighted papers in the basement. There was nothing to show that they were plotting arson.

After that bars were put up over the windows and no more persons entered the basement.

But that was not the end of the story. The comedy began then.

THE WATCHERS WATCHED.

The neighbors claim that one of the insurance companies feared that the church's detectives were standing in with the fire bug.

Not long ago, a woman living in the neighborhood was startled to hear a rap on her door late at night. She went cautiously to the door. There stood a mysterious-looking man—a regular sleuth in her opinion.

He didn't say what kind of man they were. She had misgivings. The fact is she was frightened.

One came out and she explained to him the situation, placing him in another room of her house where he could watch the detective who was watching the church detectives.

The man, who was watching the church detectives, came several nights

would be any advantage in stirring up publicity.

Asked how he could account for the burning papers in the basement, he said: "I figured that the boys had fallen over the chairs and ignited these papers in trying to find their way. I think they entered the window in order to get upstairs to hear the entertainment."

It seems improbable, however, that even careless boys would light a pile of papers in a building and go away and leave them to burn.

WEDDING FEAST NOT WANTED.

PRACTICAL JOKER TELEPHONES FALSE ORDER.

Choice Flowers, Ice Cream, and Fine Cakes Sent to Family Living in Tent on Boy's Night—Unable to Account for the Mischievous Woman at Phone.

A woman who may have thought she was perpetrating a very funny practical joke yesterday, found the telephone an excellent ally in carrying out her scheme for the discomfiture of her victims.

Embarrassment and surely did occasion, but that word does not well express the passion excited in the breasts of sundry dealers in aesthetic supplies supposed to be companions of a wedding feast.

During the afternoon Morris Goldenson's deliveryman went with a choice lot of carnations and roses to the home of Mrs. Stevens, No. 1509 Pleasant avenue, where they were ordered delivered, only to be told that there was some mistake about it, as she had ordered no flowers.

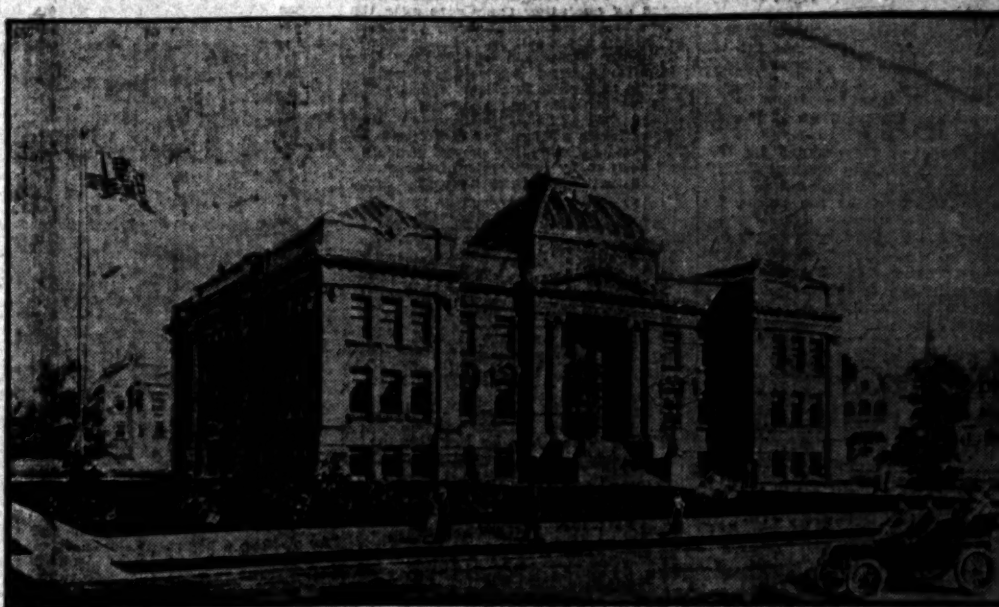

The Redondo Floral Company had the same experience, and neither establishment is as yet sated with the manner in which they were duped.

They were called up by phone and the woman at the other end was very particular. She discussed roses and carnations with the loquacity of a washerwoman and finally ordered the choice without giving a name or price. She gave her name as Mrs. Stevens, No. 1509 Pleasant avenue, and said she would pay when the flowers were delivered. The same thing occurred at the Redondo establishment.

Mrs. Stevens lives in a tent at the number indicated and has a family of well-grown children, and when the flowers went there they all professed to know nothing whatever about them.

About this time Christopher's ice-cream wagon was driven hastily to the gate and the man, with many connections of body and face, hurried down to the tent, which stands on the rear and low part of the lot, west of

Beautiful Modern High School For Hollywood.

CAHUENGA Valley is making rapid strides educationally. It will construct this summer two buildings in the Cahuenga school district, one in the Pass, two grammar schools at Hollywood city, while the building shown above which was designed by Burnham & Bleisner, local architects, will be built in Hollywood by the Hollywood City, Laurel, Coldwater, Lankershim, Los Feliz and Cahuenga school districts and be known as the Hollywood Union High School.

This building will be 96,126 feet. Its architecture will be two stories and a basement. It will be built of pressed

brick, and accommodate about 400 students. The cost completely furnished, will be \$20,000. The basement, has provision for gymnasium, manual training, domestic science, lunch rooms, lavatories, shower bath, boiler and janitors' rooms, individual cloak lockers and bicycle rooms. The first floor will be devoted to the study hall, library, recitation rooms, principals' and teachers' rooms. The corridors are wide and straight. All rooms are well lighted. The second story has an assembly room, drawing, commercial rooms and laboratories for chemistry, physics and biology. The latter are connected in such manner with glass partitions that

one instructor may superintend the work in each. The building will be heated and ventilated automatically. It is the desire of the board to erect a building that will have all the comforts and conveniences and avoid as much stair climbing as possible. County Superintendent Mark Keppel approved these plans yesterday, and they are now adopted. The board will secure a desirable site and begin work as soon thereafter as possible. The members of the board in charge of this building are William H. Hoegs, George F. Ewan, A. F. Gilmore, A. McCormick, F. M. Chaffee and A. E. De Camp.

REBECCA WARREN NOW AN HEIRESS.

MISS REBECCA WARREN, leading woman of George L. Baker's new stock company, yesterday received a legacy of \$20,000, consisting mostly of Ohio real estate. It hasn't turned Miss Warren's head a bit, and she still insists, though the fortune is here, that she will put it by for the rainy day that must some day come, and will work steadily along the road of endeavor as before.

Many years ago Miss Warren's uncle, L. I. Edwards, was in the real estate business in Cincinnati. Miss Warren, then a little girl, used to drive his horse around the streets while he showed prospective customers over town and country. While these customers were figuring in their minds as to the value or worthlessness

of the property, she would sit there and stare at him, and there was nothing on the hither side of a high haired-wire fence to which I might safely tie him. Under the seat there was room for my body, head and arms, but my bare legs stuck out, and though I covered them as best I could with my short skirt, I had an exquisitely sensitive bronze playing run half-around each of them. Uncle Lou bought a notion for my aunt, and faithfully promised to make his will in my favor. I was a child with a high sense of pride, and that pleased me so that I forgot all about my hurts in the joy of added dignity and importance.

"That was years ago, and I have grown to womanhood since I have seen him. He wrote me every few months during all that time, however, and I as faithfully wrote to him. I

ness of Edwards' bargain, the young man in sunbonnet and pinafore took care of the aforementioned steed, and drove from place to place as her elder relative requested.

Miss Warren avers that these were long-suffering days, and that she was among the happiest days of her life. "My uncle used to pay me 10 cents every time we went anywhere," she said yesterday, with a little sigh of pathetic remembrance. "Sometimes he would say that that was wonderfully small recompense for my patience and long-suffering on hot summer days."

We used to drive away out into the rural districts, and in the fields and woodlands of that great country I learned practically all that I ever knew of outdoor life, and acquired a love for the open that has stayed with me and kept my health through seasons of the most arduous work.

"I never complained about the standard price of my services, but once, and that was a scorching summer forenoon when he put me on the front seat of a surrey and drove seven miles under a blazing sun to inspect a piece of timber land. Once there, he went on into the cool grove and I suppose forgot all about me, as I sweated in the bright blaze outside with the thermometer staring skyward even in the shade."

"When he came back I was almost ready to go on a strike. I had crawled under the seat—as best I could—and was mutely crying in warm agony. I

did not know that he was in failing health until a telegram came two days before his death, saying that he was suddenly ill and would probably not live. After the funeral a copy of his will came. His estate is worth nearly \$20,000, and is all bequeathed to me, his nearest living relative."

PLUCKY MESSENGER.

He Gets the Better of Two Men Who Attack Him and One is Landed in the City Prison.

F. Origen, a Mexican, was arrested at the corner of First and Main streets last night as the result of an encounter with Johnnie Carpenter of No. 621 New High street, in which Carpenter worried two men who made a vicious attack upon him.

Young Carpenter is a messenger in the employ of the California District Messenger Company, and he says he was on his way home when he was attacked by two drunken Mexicans, who lurched from the door of a saloon on the corner. F. Origen, one of the men, flourished a revolver, but the boy knocked him down and took the weapon away. The other man is said to have attacked the boy with a dirk, but he soon desisted and ran before an officer arrived. Carpenter took the revolver to the Police Station and Origen was released.

IRRIGATION BONDS VOID.

Judge Ross Renders a Far-reaching Decision.

No Receiver for San Jacinto Irrigation District.

No Remedy for Holders of Outstanding Bonds.

About \$20,000,000 of irrigation bonds issued under the Wright Act of 1887 are practically rendered null and void by an opinion filed by Judge E. M. Ross in the United States Circuit Court yesterday.

These bonds, which have been a fruitful source of litigation ever since the act became operative, were virtually rendered worthless, in many instances by decisions of the State courts. The unfortunate bondholders' ray of hope of being able to realize on the securities seems to be extinguished by the decision just rendered by Judge Ross of the Federal Court—a decision which is far-reaching in its effect and one of the most important ever made affecting Southern California interests.

"The point of the decision," said Frank W. Burnett, Esq., who represented, as attorney, the successful side of the litigation, "is that there is no effective remedy by which the collection of the bonds can be enforced."

The title of the suit was John H. Marra vs. the San Jacinto and Pleasant Valley Irrigation District, et al. The plaintiff, a non-resident bondholder, alleged that he had obtained judgment for \$257.64 upon unpaid and past-due coupons upon certain of the bonds held and owned by him; that execution had been issued and returned wholly unsatisfied, because the people would not pay taxes to the irrigation district which had been ordered disbanded by Judge Noyes of the Superior Court of Riverside county. Plaintiff, therefore, asked the Federal Court that the appointment of a receiver, it was on this application that Judge Ross rendered his decision, practically wiping out the outstanding bonds of this and other similar irrigation districts.

Judge Ross in a very able, lengthy and elaborate opinion reviews the legislation touching the questions at issue, beginning with the Wright Act; he shows that the only remedy provided by these laws was the levy of taxes, and then points out that the United States Supreme Court has held that a court has no authority to appoint a receiver; even if the taxes cannot be collected. The opinion says in part:

"A consideration of the objections made to the proposed order of appointment of a receiver, and a further consideration of the bill of complaint in the case, satisfies me that the court was in error in its ruling made and entered on the 28th day of March, 1904, providing for such appointment."

"Neither the fact that the remedy is a law by mandamus for levying and collecting taxes, if resorted to, has proved ineffectual, nor the fact that no action can be found to perform the duty of levying and collecting them, can justify a court of equity in undertaking to do so by means of a receiver. For how the mere fact that a party has himself unable to collect his debt by proceedings at law, make it the duty of a court of equity to devise some mode by which it can be done. In the present case the appropriate remedy for the end in view was mandamus, for it was the remedy by law to compel the officers to levy the assessments provided for by the statute for the payment of the principal and interest of the bonds in question. And in other mode or manner of payment was provided by the statute for that purpose."

"In the case of *Merrillweather vs. Garret*, 102 U. S. 472, the Legislature of Tennessee had repealed the charter of the city of Memphis and abolished the organization at time when there were taxes assessed and uncollected amounting to several millions of dollars, and debts of the city to a much greater amount. Some of these taxes had been levied under compulsion of mandamus from the Circuit Court of the United States. A bill in

chancery was filed in the court by these creditors, praying the appointment of a receiver who should take care of all the assessments of the city of Memphis, collect these taxes and pay them over to the creditors, and generally administer the finances of the extinct city, as a court of equity might administer the insolvent estate of a dead man. The decree of the Circuit Court granting relief according to the prayer of the bill was reversed by the Supreme Court, and the bill declared to be dismissed.

"Upon careful consideration, I am of the opinion that the principle running through the cases cited forbids the appointment of a receiver in the present case."

"An order will be entered vacating that entered herein March 28, 1904, and denying the application for the appointment of a receiver."

The decision will be of great interest to the inhabitants of the various irrigation districts organized under the Wright Act, and also to the legal profession, many members having long studied the problem of recovering on irrigation district bonds.

Attorney Burnett, counsel for the defendant corporation, was yesterday the recipient of hearty congratulations on the successful outcome of the suit from his point of view. Mr. Burnett did a great deal of hard work on the case and raised some new and highly interesting points. Counsel for the complainant, John G. North of Riverside, also presented his side of the case in an able manner, but the law was against him, according to the conclusions of Judge Ross.

Ex-Congressman Waters is largely interested in the San Jacinto district, and it was due to his intervention that appointment was made in court to the appointment of a receiver.

Not many persons in the district are losers by the nullification of the bonds, as most of the bonds were issued in exchange for water rights, ditches, etc., which properties reverted to the original owners on the disbandment of the district. The principal sufferers are non-resident bondholders and they are not very numerous.

BONDS INVALID.

EAST RIVERSIDE CASE.

Judge Olin Weiborn filed an opinion yesterday in the United States District Court in the case of E. Percy Wright vs. the East Riverside Irrigation District, affecting the validity of bonds of that district, a question having been raised as to whether the bonds and coupons were properly signed. The court says in part:

"I am of the opinion that the signature required to bonds and interest coupons is that of the secretary at the time of the issue of the bond, and that the bonds here in controversy were issued by the delivery to J. D. Hooker & Co., June 27, 1892, and that the signature of J. A. Van Arsdale to the interest coupons assuming the lithograph to have been his signature, was such a departure from the requirements of said section as to invalidate said coupons in the hands of any person claiming with notice of the fact that Van Arsdale was not then secretary, and that the signature of W. R. McCully, as secretary, to the bonds together with Van Arsdale's signature, as secretary, to the coupons, were constructive, if not actual, notice of said fact, since a bond and its coupons form one instrument."

"While my conclusion as to the invalidity of the bonds results from general principles, it is fortified by section 42 of the Wright Act."

HOAX PUT UP BY POLICEMAN.

"HOLY JUMPER" DYNAMITE WAS IN A BARN.

Officer Allen Falsely Stated that He Found It Under the "Jumpers" Pulpit—Reprimand from Chief Hammel for Playing Such a Reprehensible Trick.

The "Holy Jumper" dynamite story turned out yesterday to be a hoax pure and simple, and Policeman Roy Allen is responsible for the perpetration of the fake.

Yesterday Chief Hammel stated that Mrs. Diebner of No. 735 Kohler street had telephoned to his office that a quantity of dynamite and fuse had been left in her barn by a miner, who formerly boarded with her, and that as she was going away, she would like

to have the explosive removed, as she feared some innocent person might be injured by it. The Chief told her that he did not consider it in the province of the Police Department to take the dynamite, but upon reflection he decided that it should be taken away for the protection of neighbors.

Capt. Auble was in the Chief's office at the time the telephone message was received, and he was instructed to have an officer remove the dynamite. Policeman Allen was sent down and finding the dynamite in an alley he took it to police headquarters.

It was Allen who told the reporter that the box of dynamite had been found under the pulpit of the "Holy Jumper" temple.

The representations were published in the three Los Angeles morning papers as they were given out by the police, but investigation yesterday showed that the reporters had been deliberately hoaxed by Officer Allen. The affair has caused a shake-up in the Police Department and it was sifted to the bottom in Chief Hammel's office last night. He will reprimand the guilty officer and may suspend him.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Protrusion, or Pulling of Womb, and Leucorrhoea, that after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which he cannot cure.

IT STANDS ALONE.—The "Favorite Prescription" stands alone, as the one and only remedy for these distressing and common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as the proprietors of that wonderful remedy hereby do, to pay the sum of \$500 in legal money of the United States to any woman who can prove that she has been cured of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of women's peculiar ailments is backed by such a remarkable guarantee; no other medicine for women's life is possessed of the unparalleled curative properties that would warrant its manufacturers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Dr. J. C. Williams, of New York, writes: "I have used your Favorite Prescription for many years, and it has cured many cases of Female Weakness, Protrusion, or Pulling of Womb, and Leucorrhoea, which other remedies failed to cure. I can therefore recommend it to all who are afflicted with these diseases."—Dr. J. C. Williams, New York.

ST VINCENT'S BOYS TURN TO MILITARY.

TODAY the 225 students of St. Vincent's College will bloom out with the quick and span new uniforms in military school, and this afternoon at 3:15 the cadets will have their drill and dress parade in the real colors of the military.

This is a great event in college life, and has been awaited with eagerness by the friends of the school.

The St. Vincent's boys since the decision to place the school in military instruction. The event has been heralded far and wide among the friends of the school, and many new outfits, and to witness the drill within the past few months.

Charles Keiner, who received military training at West Point, and says he never has had a more apt set of youths than the St. Vincent's. They are drilled into six companies and drill every afternoon at 3:15.

The new uniforms of government standard cloth, in the recently-adopted olive drab, with trimmings of wide black braid. The uniforms are made in the West Point cadet style, and the caps are of the regulation cadet style, with the front adorned with the emblem of St. Vincent's College, "S.V.C."

Dr. Glass, president of the college, is highly pleased in having finally accomplished this change, which has long been one of his desires for the school. He says already noticeably good results have manifested themselves in the introduction of military drill, and that this feature is attracting the attention of prospective students from many localities. He is confident it will greatly aid in building up the attendance at St. Vincent's College.

Arrangements will be made for weekly drills and exhibitions, to which the public will be invited.

JURY FAVORS A WIFE BEATER.

COURT'S CLEMENCY ASKED FOR BRUTAL HUSBAND.

But Ontario Justice Says He's Sorry He Can't Give Camp of Cucamonga Six Years Instead of Six Months on Rock Pile—Boxall Trial Again.

SAN BERNARDINO, April 27.—Samuel Camp, the Cucamonga man who brutally assaulted his wife recently, saying her head open with a hoe and stabbing her in the abdomen, has been sentenced to serve six months on the rock pile, having been convicted by a jury in Ontario of simple assault. A more serious charge would have been lodged against him, but his wife refused to assist in his prosecution. She has so far recovered from her injuries as to be able to leave her house. Though the assault was one of the most aggravated ever known in the community, the jury which convicted

Delegates Chosen to Assembly Convention.

First Step in the Presidential Campaign.

Practically no Contests in Any of the Precincts.

Almost without incident and without contest Republican caucuses were held in nearly all of the 108 precincts within the city of Los Angeles last night. The caucuses were held at the Assembly District caucuses, but they represented in several districts only parts of the districts, some of which are partly within and partly without the city. In some of the precincts, in places where the precinct committeemen failed to observe the call issued by the general committee, no caucuses were held, but in most of the precincts, members of the party

Camp incorporated in their verdict a plea for clemency. Justice Anderson refused to recognize the plea, and stated he regretted that the law would not permit him to send Camp to jail six years instead of six months.

SECOND BOXALL TRIAL.

The second trial of the Boxall shooting case was commenced this morning in the Superior Court. It is understood the prosecution has induced the mysterious housekeeper, Miss Wilkerson, to return from Europe to the Orient, and that she will be a witness against Will Boxall, who is charged with assisting in a robbery, having shot his uncle, the late C. R. Lloyd. Miss Wilkerson had been Lloyd's housekeeper for years, and was at the house when the shooting occurred. She was wounded by his nephew. For some reason she was permitted to leave the state and country, and rumor has it that she has been in the Orient with Lloyd.

turned out, and indicated their choice of those who should represent them at the Assembly District caucuses, which will be held on Saturday.

But little interest was evidenced in this, the first step in a political campaign, which in this county gives no promise of being very strenuous. Time was wasted in the caucuses as much interest in such matters as Republicans, but it has come to the pass here that Republican nomination is tantamount to election, and known Democrats participated last night in some of the caucus meetings.

HERE AND THERE.

John Silas, a notorious character, was arrested last night by the police on complaint of Dennis O'Hara, who charged him with attempted robbery. O'Hara claims that Silas approached him in a robbery, having spotted a drunken fellow with \$12, and on refusing to join Silas in the crime, the latter attempted to hold him up and beat him severely.

Miss Lottie Hamilton, sister of J. F. Hamilton, passed away last night after a long illness. The remains will be shipped to Illinois.

A very pathetic case of insanity came up here today, the patient being Mrs. Mulrower of Redlands, a middle-aged woman who is raving maniac as the result of domestic troubles. Some time ago she separated from her husband, who went East and remarried. He has been sentenced \$12 monthly to the support of his former wife and his four daughters, but the fact of his marriage weighed heavily upon the woman's mind. In court she filled the building with her screams and cries.

FULLERTON.

RESTRICTING SALOONS.

FULLERTON, April 27.—The ordinance granting saloons licenses and controlling the liquor traffic will go into effect in Fullerton next week. The license has been fixed at five dollars. No gambling or game of chance will be permitted in saloons; no minors will be allowed to enter, and no gambling rooms or saloons will be permitted to be run in even adjoining rooms to the saloons. These places must close promptly at 12 o'clock at night and not reopen until 5 a.m., and must be closed from 11 p.m. Saturday until 5 a.m. Monday.

LOCAL NEWS NOTES.

At a meeting of the Board of Trade last night a committee was appointed to have Fullerton views taken for the pamphlet to be issued by the county. It was decided to petition the Board of Trade to extend the main highway through the Cox, Riles and Stearns ranches to a point just north of Buena Park. It is announced that the property owners will give a right of way. M. E. Walden and wife, well-known residents of Foothill, Ind., are guests of Mr. and Mrs. Bott and Mr. Walden is an old newspaper man.

REDLANDS ORANGE GROWERS IN LINE FOR CHANGE.

Conviction Expressed in Meeting that San Bernardino County Fruit Should be Marketed on its Own Merits by a Thoroughly Mutual Organization—F. O. B. Plan.

REDLANDS, April 27.—A largely-attended all-day meeting of orange growers of this section was held here to discuss the marketing of the fruit. Col. J. A. Booty of Orange county addressed the meeting, putting it in line with other counties which have held similar meetings.

Many growers expressed the conviction that the growers of San Bernardino county should cut loose from the exchange and citrus union and form a thoroughly mutual organization and market the fruit from this county on its own merits. A committee composed of H. D. Moore, A. E. Sterling and T. W. Byrnie of Redlands, Dr. Craig of Rialto and J. P. Scott of Bryn Mawr was named to meet similar committees from Riverside, Orange and Los Angeles counties in Los Angeles, to formulate a mutual marketing plan to supplant the present, of at least, improve similar meetings.

There is nothing you can buy in this city that costs so little in proportion to its value as want ad. space in The Times.

DEATH FROM LOCKJAW.

(SPECIAL CORRESPONDENCE OF THE TIMES)

VENTURA, April 27.—Pauline Pas died yesterday at the County Hospital from lockjaw and in the greatest possible agony. The dread disease was brought on by a gunshot wound inflicted by one Ysabel Martinez, Monday, and a warrant is out charging Martinez with murder. The Mexicans

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "just-as-good" are but experiments, and endanger the health of children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

REAL ESTATE.

I have had six years' experience as a real estate advertiser in real estate and business. I would like to inaugurate a prominent real estate advertising campaign, advertising and selling campaign, a salary and commission basis. I have my entire time to devote to this work. There are at least 25 firms in the city that are making a business of real estate advertising. If conducted properly, it is profitable. I shall be glad to present a plan of my proposed campaign to any firm from anything now being employed. Submit credentials that will leave no doubt as to my ability to "make good."

Thursday is House-Furnishing Day

Every housewife figures on just the things she will do each day in the week. The majority of women in the Western cities use Thursday for shopping for goods for home uses. We have therefore decided to specialize Thursday of each week as house furnishing day and embody every article that could be of use in lightening household labors and home decorations.

Help Pay for Your Home by Purchasing the Furnishings at Hamburger's

This is a city of homes. Thousands of them have already been constructed and hundreds more are in course of erection that will be occupied by the owners. A great many of them through the thrift of the builders are to be paid for in small installments and every dollar that you can save counts. Naturally the first thing after owning the home is to furnish it. You may not wish to do so on an elaborate scale yet do wish to have everything comfortable and nice and strictly up-to-now in style. There is no store in Los Angeles—in Southern California in fact—that can serve your interest as well as Hamburgers for we have the greatest assortments of every line of merchandise to offer at prices absolutely below competition.
